

## PLASTIC REMOVER CHALLENGE

You have been chosen as a superhuman by the Phytoheroes to find a solution to remove the micro plastics from the ocean. You must design an invention that will remove the plastic but not kill the living organisms. Be creative and reflective! You must come up with at least 3 different prototypes to test.

You are limited to the following materials:

Labeled Sketch of Invention #1:

Pros

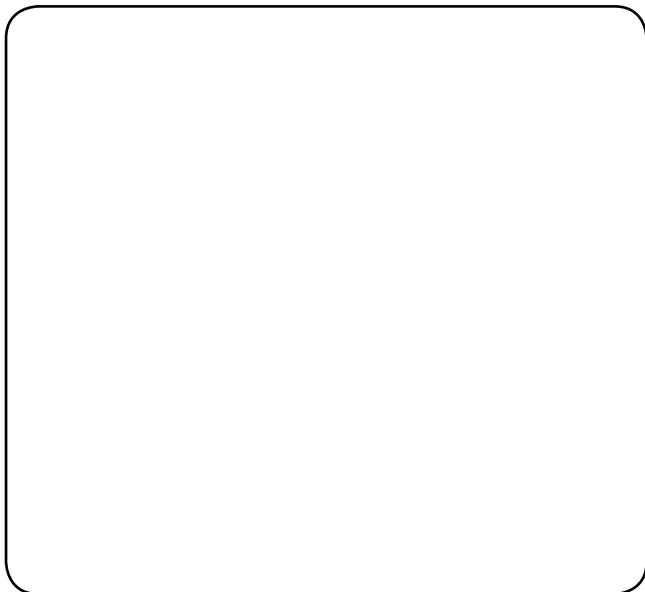

Cons:

Labeled Sketch of Invention #2:
